World class innovation...

Bostik is one of the world's leading providers of adhesive and sealant solutions. Our relentless pursuit of excellence lies at the heart of everything we do and ensures that the products we produce are of the highest specification. We've also built our reputation on providing first class support to all of our customers and it is these combined commitments to innovation and service that continue to drive our business forward.

...made easy with our new product catalogue

For the first time, this new catalogue contains our entire range of building and consumer products. It has been designed to put all the information you need at your finger tips and to help make the decision-making process easier for you. Here are just a few of the other features we've added:

Colour coded sections for quick reference

Alphabetical index at the back of the catalogue - search for the product you need by Product Name

Product usage matrices - providing information on product capabilities and applications

In addition to this we're now bringing you more choice than ever before, with numerous additions to our product range, which are identified by this symbol:

You'll find our Order Line telephone number at the bottom of every page and we've added a full list of your regional contacts and our technical service helpline on page 87, for quick reference before you make the call.

...and we're committed to excellence

All our sites are quality approved to ISO 9001:2000 standard, which we use as a benchmark for ongoing improvement in all areas. Our commitment to excellence also extends to ensuring that we play our part in helping minimise environmental impact. We are fully certified to **ISO 14001** and are a prominent supporter of environmental initiatives at our UK sites. As a company we throw our weight behind a variety of local community projects, the prevention of pollution and maintaining the highest practicable standards in Environmental Control.

We hope you find this new look product catalogue useful and feel inspired by the extensive range of new products available.
