Terrabound paths for war memorial building

Addagrip approved contractor, Total Protection, is proud to have installed the pathways around The Wing, The Battle of Britain Memorial Trust's new visitor and education centre at Capel-le-Ferne in Folkestone, Kent.

The project involved the installation of 263m² of Resin Bound Gravel in 6mm Rhine Gold and 6mm Trent Terrabound, laid at a depth of 18mm. The work was carried out over two very cold days, with Total Protection and the client working closely to ensure the project deadline was met and The Wing was ready to be unveiled by Her Majesty the Queen in March 2015.

Total Protection received the original enquiry for this project from EPPS Construction back in April 2013.
