## **Enter Balcony Systems' Video Competition to Win an iPhone 4S**

***Balcony Systems' first-ever Video Competition to find their most satisfied customer is now open for entries with the chance for one lucky winner to collect a new Apple iPhone 4S.***

The company, one of the UK's leading glass balustrading, Juliet balcony and sliding curved patio door specialists, has launched the contest to show just how happy its customers are.

Entrants are invited to fill in the entry form and upload a short video clip (30 to 120 seconds) at <http://www.balconette.co.uk/blog/index.php/customer-video-competition-is-launched/>, showing themselves and the installed product with a brief message about the product or Balcony Systems, or both.

"Really positive feedback from our many delighted customers confirms how our products can genuinely transform and add the 'wow' factor to their homes," says Effi Wolff, Balcony's Managing Director. "We think a video testimonial is a wonderful way to show what our products and services can do.

"That's why we want to hear from our customers; why you chose us or the system, did you get good service, are you pleased with the result and what do you like best about it. Tell us your thoughts and the best video will win an Apple iPhone 4S worth £599."

Every accepted entry will receive email confirmation of submission, plus a complimentary five-set pack of BalcoNano® self-cleaning glass sachets. The self-application coating protects glass balconies so they stay clean for longer and cleaning cycles are reduced.

The competition closes at midnight on December 31<sup>st</sup> and the winner will be announced in January. The top videos will also be posted on Balcony's website so visitors can share in the enthusiasm too.
