CED Ltd Opens New Irish Depot

CED Ltd, market leaders in the supply of natural stone, now has a fully established and working depot in Ireland. The new branch of CED is based in Omagh and staff are currently developing a network of stockists to allow coverage of the whole of the North and Republic of Ireland.

The Irish depot will stock the full range of CED products including Boulders, Feature Stones and Rockery, Cobbles and Pebbles, Decorative Aggregates, Footpath Gravels, Cedagravel®, Paving and Steps, Setts and Kerb, Walling, Benches and Ornaments, Reclaimed Materials and Cleaning and Protection products.

The Irish depot is open Monday to Friday 8am to 6pm. It shows impressive outdoor and indoor display areas, and a 3-acre working yard. As with all CED depots the Irish depot will source special and unique materials and offer design and technical advice to suit individual requirements.

James Kane, Depot Manager, said: "We're looking forward to being able to show off our extensive range of products in our recently built show areas, which will help give our clients a better understanding of the use of our products and we are always on hand to help with design ideas and solutions."

CED'S aim is to facilitate and develop the use of natural stone throughout the landscape and construction industries. CED has introduced and developed many new natural stone products over the 30 years of involvement in its industry.
