November 3<sup>rd</sup> 2011**

## **Causeway Sponsors Construct I.T. Workshop And Seminar**

***Causeway is sponsoring the CPD accredited Construct I.T. event, 'e-Business: Delivering Improved Efficiency through Electronic Trading'. Causeway will also be delivering a half-day workshop on the benefits of eTrading, as well as contributing to the seminar programme. 23<sup>rd</sup> and 24<sup>th</sup> November, Oxford Brookes University***

The first day, preceding a full-day seminar, will comprise a half-day facilitated workshop entitled 'e-Trading — An Integrated Business Approach towards Industry Improvement', led by Tim Cole, Causeway's Divisional Director for Tradex. In an interactive session with delegates, Mr Cole will highlight the accelerating adoption of integrated business practices, considering the methods available for meeting the challenges while also achieving considerable time and cost savings.

On the second day, a range of expert speakers will address key issues impacting on the successful current and future delivery of eTrading. These will range from the practicalities of making eTrading work through to the sustainability benefits of electronic document processing. The seminar will also see the formalisation of the e-Business Group.

This event qualifies for a CIOB CPD accreditation of 7 hours. It is free to members of Construct I.T. and buildingSMART, and costs £150 for all other others.
