## **Cut Energy Costs with Commercial Blinds Fridge Covers**

***With the ever-rising cost of energy, more and more supermarkets are realising the value of night covers for refrigeration units and turning to Commercial Blinds UK to have fridge blinds made for them.***

Thermal fridge blinds from Commercial Blinds UK have the added benefit of prolonging shelf life for products, so with the energy savings, offer a speedy return on the initial investment.

Commercial Blinds UK manufactures all fridge blinds to order and they are produced for a variety of configurations of refrigerated cabinets. The products are renowned for their reliability and efficiency.

The range includes fully automated blinds up to a width of 3750mm and manual blinds 2500mm. Cassetted manual blinds are also available, suitable for use with freezer cabinets.

Commercial Blinds UK offers a free quotation service for fridge night covers. Ring 0113 347 2 347 or visit the website at <http://www.commercialblindsuk.com>
