Crown Paints brings CPD to Leeds and Manchester

Crown Paints will be bringing its Effective Paint Specification seminar to the North of England later this week.

The free seminar is being delivered as part of the CPD RoadSeminar Tour, at Manchester and Leeds.

The Crown Paints seminar at Manchester runs from 10am until 11am on Wednesday, April 15. The event takes place at the Ramada Manchester Salford Quays, Trafford Road.

At Leeds, the Crown Paints seminar runs from 3:45pm until 4:45pm on Thursday, April 16. The event is being held at the Crowne Plaza Hotel, Wellington Street.

Bookings can be made by emailing Crown Paints' Specification Team services via email on info@crownpaintspec.co.uk or by telephoning 0330 0240310.

The Construction CPD RoadSeminar has been successfully running for more than 10 years, providing a platform for construction, engineering and architectural professionals to meet, learn about industry changes and developments and discuss opportunities. Free to attend, it offers professionals the opportunity to gain up to six CPD hours.

Jon Konsbruck, Crown Paints' National Specification Manager, said: "The seminar looks at the properties of paint and the different types of coating and systems.

"It also provides guidelines for choosing the appropriate system, and compares water-borne and solvent-borne technology, VOC reduction and sustainability.

The CPD will be presented by CPD Accredited presenter David Spicer, who has more than 35 years' experience in the paint industry.

David is Crown Paint's Specification Technical Manager, and is responsible for technical support on all of the company's specified products.
