Doorstuff Growing at the Double

Doorstuff Ltd, a premier door hardware company in the South West, has doubled its warehouse size to accommodate increased inventory as its customer base continues its rapid growth.

The locally-owned company, established in 2006, has moved into a 130 sq.m building at 7 Venture Court, Bradley Lane, Newton Abbot. Additional handling space and capacity will enable the ex-stock availability of extra-long sliding door tracks, previously restricted to workshop lead times.

"We are really excited about this move, the extra space will allow us to expand our range without sacrificing our unique service philosophy," said Managing Director Ian Butland.

"Our commitment has always been to provide the highest quality services and products to our customers throughout the UK. This new facility, with its size and location, will enhance our high industry standards of delivering fast, responsive services that satisfy the needs of our customers when they need it ... TODAY!"

Doorstuff Ltd has been providing door hardware, door closers, panic hardware, sliding door gear and commercial and domestic door handle sets to the UK since 2006 through its acclaimed internet shopping site www.doorstuff.co.uk
