Stylish ESF cycle shelters for laboratory site

Environmental Street Furniture (ESF) has supplied a range of cycle shelters to the Dublin facility of a major biopharmaceutical company.

The Edge shelters, from ESF's Signature range [mmcite](#), were supplied to the [Bristol-Myers Squibb](#) Cruiserath facility in Dublin. The state-of-the-art biologics drug-substance manufacturing facility will produce multiple therapies for the company's growing biologics portfolio.

The Edge shelters have a very elegant design with a dynamic shape and make the shelter a fabulous statement piece for any project. They come in various designs, lengths and can be customised to meet specific cycle requirements. There is a 6-year warranty on the structure.

If you would like to get in touch with ESF about any shelters requirements please contact sales@worldofesf.com
