ESF Wins FSB 2024 Sustainability Award

Environmental Street Furniture (ESF) is delighted to announce its receipt of the esteemed FSB 2024 Sustainability Award from the Environmental Sustainability Foundation (ESF). This prestigious accolade is a testament to ESF's unwavering dedication to sustainability and environmental consciousness in its innovative street furniture solutions.

ESF is delighted to receive the FSB 2024 Sustainability Award, which acknowledges their ongoing dedication to sustainability. This recognition underscores their steadfast commitment to offering clients sustainable and eco-friendly street furniture solutions, a commitment further amplified by the recent launch of The Wombles Collection By ESF.

The Wombles Collection By ESF, made from 100% recycled plastic, embodies the ethos of #Recycle, #Reuse, and #Rethink championed by The Wombles. Serving as a reminder of the importance of environmental stewardship, this collection offers an ideal solution for schools, parks, outdoor public areas, and businesses striving to meet their ESG agendas and portray themselves as more sustainable.

ESF extends a heartfelt thank you to FSB Northern Ireland and to Karen Lowry and Katie Mcerlean for accepting this award on behalf of the organization.
