

Press Release
April 27th 2020

Fixmart trade counter collections now no-contact

Fixmart continues to be fully operational during this difficult time and the team is going to incredible lengths to ensure customers can continue to get the supplies they need for those essential projects.

Although orders can no longer be placed verbally over the trade counter, there is a good stock of key lines for orders placed via email, phone or online and deliveries continue via company van or courier. A remote workforce is staying safe but still able to talk to customers, give advice, process orders and raise quotations.

Collections from the trade counter are now no-contact. Goods pre-ordered with the sales office at least one hour before will be prepared for collection. Then when the customer arrives, they will need to call 07585225472 and one of the Fixmart team will then bring the order out to their vehicle.

Collections are available between 7am and 5pm Monday to Friday. Call 01322 274226, email sales@fixmart.co.uk or use the website to place your collection order.
