Ultra Tile shortlisted for 'Best Innovation'

Instarmac is thrilled to have received confirmation that the company has been shortlisted for this year's [TTA awards](#) for 'Best Innovation'. This category recognises products or services that really make a difference to the tile industry.

All at Ultra Tile are over the moon and very much looking forward to the ceremony on 18th April – and asking all customers to wish them luck!

The Ultra Tile specialist fibre reinforced range was nominated; it consists of [Level IT FX](#), [FibreGrip FX](#) and [ProFlex S2](#).

The range boasts a number of unique innovations including:

- The only S2 classified product with added fibres available within the marketplace
- The only leveller able to achieve depths of 75mm available within the marketplace
- Only recycled fibres are added to the adhesive formulations

To find out more please email ultratile@instarmac.co.uk or call 01827 871871.
