Kemper System shortlisted for two LRWA Liquid Roofing Awards

Kemper System has been named a finalist in two categories for the Liquid Roofing and Waterproofing Association (LRWA) Awards.

Carefully selected by a panel of expert judges from the construction industry, the cold-applied liquid waterproofing specialist has been shortlisted in the Liquid Roofing Project of the Year under 1000m² category with contractors, Capital Roofing Co, for its work on the Calvary Charismatic Baptist Church project in London.

A second project by Kemper System and Castle Contractors has been shortlisted in the Liquid Roofing Project of the Year over 1000m² for the refurbishment of the Blackpool Municipal Building in Lancashire (pictured).

The LRWA Awards & Gala will take place on Wednesday 8 November 2017 at Hotel Football in Manchester, where the winners will be announced.

Commenting on the shortlist, Stuart Hicks from Kemper System said: "To be named a finalist in two categories for the first ever LRWA Awards is an honour and we're delighted to be recognised.

"The calibre of finalists is extremely high and we'd like to wish all the other nominees the best of luck – we're looking forward to seeing who will be crowned on the day!"
