Kloeber UK wins two awards at Homebuilding and Renovating Show

Kloeber UK is excited to announce that it won two awards at this year's Homebuilding & Renovating Summer Show.

The company took the awards for Best Door Supplier and Best Window Supplier at the show, which was held virtually for the first time.

These new awards were launched in celebration of Homebuilding & Renovating's 30th anniversary designed to recognise the very best products and services supplied to their readers.

Kloeber UK would like to thank all those who took the time to vote for the company.

The Virtual Homebuilding & Renovating Summer Show was hosted online last month giving people an opportunity to gain ideas for their project from the comfort of their own home. Kloeber UK exhibited its virtual stand and provided access to its team of technical advisors. Team members also hosted seminar and masterclass sessions.

Kloeber UK's showrooms are now open, with strict safety procedures in place, including the wearing of face masks. Showrooms are operating on an appointment only basis with reduced opening hours.
