Kloeber Glazing Solutions Transform Old Rectory Cottage

Kloeber are thrilled to share their involvement in the remarkable transformation of a historic home in a conservation area in East Sussex. This project, valued at approximately £42,000 + VAT (at the time of purchase), featured Kloeber's high-quality glazing solutions, including UberSlide sliding doors, aluminium fixed glazing, Kustom windows, and a rooflight. Our comprehensive supply and fit service ensured every detail was executed to perfection, contributing to the success of this inspiring renovation and extension.

The homeowners, with the expertise of HAPA Architects, reimagined the property by removing outdated extensions and creating a seamless blend of historic charm and modern design. The goal was to achieve a functional, spacious, and light-filled home that beautifully harmonized with its surroundings.

At the heart of this redesign is a stunning wall of glazing, featuring Kloeber's ultra-slim UberSlide sliding doors. These doors create a seamless connection between indoor and outdoor spaces, offering uninterrupted views of the garden and the South Downs. In the kitchen-dining area, floor-to-ceiling glazing forms an elegant and understated feature, with a glazed corner that captures the beauty of the ever-changing landscape.

Another highlight of the project is a newly added sunroom—a serene space for relaxation. The focal point is an exquisite oriel window with an oak-clad window seat. This thoughtfully crafted design offers the perfect nook to enjoy a book or take in the views throughout the year, no matter the weather.

Sustainability was a key priority for this project. The homeowners envisioned an eco-friendly, low-energy home that respected the conservation area's character. Kloeber's aluminium fixed glazing, Kustom windows, and UberSlide sliding doors contributed to this vision, seamlessly blending functionality and aesthetics.

Kloeber are proud to have played a part in this elegant restoration, delivering products that enhance both the property's contemporary appeal and its connection to the surrounding environment.

If this project has inspired you, get in touch to learn how they can help bring your dream home to life. Visit their website to explore the range of bespoke glazing solutions.
