

Press Release
3rd December 2010

Seasonal Greetings from MASCo Walcot

In the lead up to Christmas, MASCo WALCOT is spreading seasonal goodwill by offering 20% off all stock during December. With the VAT rise looming, the company says now is the time to buy and avoid disappointment.

That means anyone looking to restore a period property, or add features to their home, can save 20% on items including floors, doors and hardware; landscape and building materials; reclaimed bathroom ware; garden ornaments; original fireplaces and accessories; architectural features; lighting and interior accessories.

Examples of the special offers are: Hand forged Edwardian gates that were £8,500 +VAT, are now £6,800 +VAT; walling stone that was £150 +VAT per bag is now £120 +VAT; Dorchester Hotel balustrading that was £15,000 +VAT is now £12,000 +VAT.
