

Press Release
March 2nd 2011

MASCo Spring Clean is a Bargain Time

Due to merging two sites recently, MASCo WALCOT finds itself with many reclaimed doors. So as a Spring promotion for customers and a spring cleaning exercise for the company, it is offering some doors at discounted rates to clear some space, throughout March.

Visitors to the site in Cirencester Road, Chalford, Gloucestershire, are invited to look at the discounted doors racks and possibly grab a bargain. It is recommended you bring your required measurements with you, so you can assess if a door is suitable whilst at the site.

For anyone working on a larger project who needs a feature door, MASCo WALCOT also has some really beautiful salvaged stock from grand hotels, architectural entranceways, porticos, or other items that justify working with the sizes available. Examples are those recovered from the Dorchester Hotel annexe; these are subject to availability and reclamation projects in progress.

Alternatively, the company can offer custom made doors in period styles. Please telephone 01285 760886 or visit the website [here](#) for further information.
