Shades Van Proves a Hit on the Road for Moores

Moores has kitted out two new vans with full displays to showcase its new modular bathroom range for Shades. The vans have been clocking up miles travelling across the UK to various retailers, demonstrating the contemporary and flexible range of modular bathroom furniture Shades has to offer.

The vans have proved immensely successful over the short period that they have been on the roads, with a number of new and existing retailers taking on brand new displays and products.

Mark Redpath, Managing Director of York Bathrooms, comments: "I've taken on two displays and think the new ranges are great. I like that with Shades, they see a problem and create a solution. The new WC unit with storage is fantastic, we've had a lot of customers asking for something like this, and now you've provided the market with one."

Anyone who would like the Shades display van to visit their retail showroom, should contact the nearest sales representative or alternatively call 0845 127 5696.
