Origin celebrates manufacturing milestone with giant cake

Origin, the leading British manufacturer of bespoke bi-fold doors, windows and made-to-measure blinds, is delighted to have reached the milestone production of its 100,000th bi-fold door.

To mark the occasion, the company commissioned world renowned cake artist, Michelle Sugar Art, to create an 'Origin Home' cake in the style of a doll's house, with moveable and edible bi-fold doors. The giant cake was shared out among all the staff at Origin's Buckinghamshire factory.

The picture shows Origin's senior management team (left to right) Oliver Ginger, Daniel Baker, Ben Brocklesby, John Kellard and Andrew Halsall with the 'Origin Home' celebration cake.
