PKL is One to Recognise

PKL Group, the UK's leading supplier of temporary kitchens and catering equipment for hire, has been announced as a finalist in the Sunday Times Fast Track 'Ones to Recognise'.

Compiled by Oxford-based research company Fast Track, 'Ones to Recognise' is part of the Sunday Times annual Profit Track 100 report. It showcases a selection of companies that are chosen on the strength of their management team, innovation, ability to overcome challenges and their potential for growth.

Managing director Chris Irving commented: "PKL has earned its market-leading position through a commitment to high quality products and innovation, as well as first rate project planning and customer service. These qualities have proved their value to customers during the difficult economic times and provide us with a strong foundation for our ongoing success. We are proud to be recognised alongside so many leading names in British industry".

PKL Group has a range of over 900 portable kitchens and support units, including cold storage, dry storage and warewashing facilities, and over 9,000 items of catering equipment readily available for hire.
