

Press Release
29th November 2010

New SE Controls Brochure is the Total Solution

[SE Controls](#) has issued a new brochure intended to give specifiers of [natural ventilation](#) and [smoke control](#) systems a broad overview of the requirements and regulations covering such systems.

Calling on the company's 30 years of experience in the sector, the brochure covers the basic principles of each system and offers specifiers guidance on automation solutions. Now widely specified on a range of building types, [the new brochure](#) shows examples of completed building projects in the residential, educational, commercial and healthcare sectors.

[SE Controls](#) offers a complete service of design, installation, commissioning and maintenance of smoke and natural ventilation control systems for any building. Visit the website at www.secontrols.com for further information To discuss a requirement with [SE Controls](#), or request a copy of the [corporate brochure](#), please call the head office in Lichfield on 01543 443060.
