## **The Safety Letterbox Company introduces the 12 Days of Parcels**

***With parcel volumes already causing huge challenges for many – and expected to double over the next five years as e-commerce grows – The Safety Letterbox Company is showcasing the versatility of its intelligent parcelbox systems, myRENZbox.***

As an incentive to find out more about myRENZbox solutions, the company is running a 12 Days of Parcels competition with the chance to win a luxury box of Wickedly Welsh Chocolates valued at £49.99.

To enter, people need to visit The Safety Letterbox Company's LinkedIn page and 'like' the daily post featuring a myRENZbox case study, then 'follow' the page.

Every additional 'like' on a 12 Days of Parcels post counts as a further entry, maximising your chance at winning the delicious chocolates made by award-winning local Welsh artisan chocolatiers. Pre-Christmas delivery guaranteed!

The first Day of Parcels page featured myRENZbox intelligent parcel management systems for two Mulberry Homes sites.

The housing developer recognised the need to future-proof its developments with 24/7 parcel solutions while simultaneously lowering its carbon emissions. Installing myRENZbox ticked many boxes for the developer, providing peace of mind to residents who no longer need to wait at home for deliveries.

More information about the wide range of bespoke, customisable solutions to suit any space is available in the new MyRenZbox Intelligent parcel box brochure. Visit the Downloads and Documents page of the website to get your copy.
