Mobile Bar Units Extend ServaClean Product Range

'MOVERBar' mobile counters and backfittings are the latest addition to the ServaClean product range.

Customers choose the combination of ServaClean fitments most suitable for their particular style of service – from keg beer dispense, bottles only service and full cocktail mixing facilities.

Fitments are supported within a 'BARFrame' structure mounted on a sturdy but easy to manoeuvre stainless steel base. The screw-together assembly can easily be reconfigured to meet future changes of operating requirements.

More information at www.servaclean.co.uk or telephone 01274 390038.
