## Simonswerk at show for architects

***Leading hinge manufacturer SIMONSWERK will again be exhibiting at ARCHITECT@WORK Olympia London on 25-26th January 2017. This internationally successful salon concept is exclusively aimed at architects, interior designers and specifiers.***

SIMONSWERK will be showcasing on Stand No. 55 the latest developments to its comprehensive hinge portfolio and visitors will be able to view the company's full range of hinge applications and also take advantage of one-to-one demonstrations of the SIMONSWERK online advanced PRODUCTSELECTOR information system created specifically for architects, ironmongers, specifiers, and interior designers.

Demonstrations will include the award winning [TECTUS](#) completely concealed hinge system, [TECTUS](#) "Energy" option with integrated permanent power transfer and the increasingly popular CE marked [TRITECH](#) fire rated solid brass hinge with concealed bearings, 25-year performance guarantee and seven designer finials. This hinge is also available with PVD corrosive resistant finishes which can stand up to the most aggressive conditions, still maintain their original good look and have high temperature resilience, good impact strength and excellent abrasion resistance.
