**February 9<sup>th</sup> 2022**

## **New Managing Director for Sateba Stanton Precast**

***From Monday 7<sup>th</sup> February 2022 Ian Steel officially took over the management of Stanton Precast Ltd in the UK.***

Ian joins Stanton Precast as a highly successful Managing Director with experience of leading international multi-site and Private Equity backed businesses. He drove significant organic and inorganic growth throughout his different P&L responsibilities.

Ian says "I feel honoured and excited to be given the opportunity to join Stanton Precast - working as a key part of the new Sateba Group in leading sustainability in the industry and putting people at the heart of what we do while growing this innovative and successful business.

I am looking forward to achieving this with a fantastic team of loyal and committed people."
