

For release: June, 2011

**TITON EXPANDS RANGE IN 2011 TIMBER AND PVCu
PRODUCT CATALOGUE**

Titon, leading ventilation and window hardware expert has launched its fully updated Timber and PVCu product catalogue, to demonstrate the continuing investment in, and development of, their product portfolio.

With over 125 pages, it perfectly showcases the company's extensive range of ventilators, window handles and fasteners, espagnolettes and shootbolts, hinges and hinge systems, restrictors, door locks and fittings for PVCu or timber windows and doors, as well as products to maintain home security.

Titon's Overture® – a stylish and robust range of window and door fittings with accessories, makes its debut in the 2011 catalogue. Overture® is a complete collection that gives specifiers and installers continuity of design throughout the house from door knockers to hinges, for both timber and PVCu applications. Competitively priced, highly durable and available in a range of finishes, Overture® also complements Titon's existing product range, making it an ideal choice for a variety of properties.

Tyson Anderson, Titon's Sales and Marketing Director, said: "The catalogue really is a comprehensive guide to our many and varied products for PVCu or timber windows and doors. By putting all the details in one place, we hope to make our products more accessible and life a little easier for our trade customers."

News Release

The new Timber & PVCu Catalogue can be used in conjunction with all the product information available on Titon's website: www.titon.co.uk.

The catalogue will be an invaluable source for both the window fabricator and specifier and is packed with useful and pertinent technical information, including dimensions, performance, relevant industry standards and available finishes for each product.

For a copy of the catalogue call Titon on 01206 713800 or email: sales@titon.co.uk.
