## **Tudor Roof Tiles pegs prices**

***During the past few years, the sourcing of reclaimed, second-hand peg tiles has become increasingly difficult. This shortage of supply has enabled some manufacturers to raise prices dramatically.***

However, Tudor Roof Tiles decided to 'buck the trend' by actually reducing the price of new Kent peg tiles to the same price as its plain tiles.

This proved to be well received by property restorers and conservationists alike, therefore Tudor is pleased to announce that its Peg Tile prices will stay equal to Plain Tile prices during 2016.

The company has produced Number 7 of its info leaflets, entitled Why Buy Tudor Tiles?, explaining what puts Tudor tiles ahead of the others. A printable version is downloadable from the e-leaflets page of the website [www.tudorrooftiles.co.uk](http://www.tudorrooftiles.co.uk) .
