## **Barclay's Stamp of Approval for EnviroVent**

Harrogate based EnviroVent recently celebrated a double achievement as the only ventilation manufacturer to be named as one of the top 25 semi finalists in the Barclays Commercial Green Business Awards, which recognises businesses that are preserving the environment by groundbreaking methods or sustainable products and services.

An enormous stamp of approval for a company whose passionate commitment to create sustainable designs and ventilation products, whilst continually pushing forward the boundaries of innovation to another dimension is a huge accomplishment to both their firm business ethics and successful progress.
