

Press Release
19th August 2008

James Jones & Sons offers CPD Certification

James Jones & Sons Ltd. Timber Systems Division is delighted to announce we are now members of the Construction CPD Certification Service.

Furthermore the company attained certification for an Architect Seminar on the subject of Engineered Wood Products for Modern Methods of Construction, focusing initially on I Joists. James Jones & Sons currently offer face to face seminars for larger Architectural Practices throughout the UK and Ireland, however pending demand we will eventually be able to offer these seminars online.

Further seminars will be available for all building professionals in due course.

Our existing seminar covers;

Materials

Technical Benefits

Environmental Aspects

Structural Span Benefits

Certification

Uses: Walls, Floors, Roofs

Floor, Roof Cassettes

Screedflo System

IntelliRoof System

Ends
