

Rainclear Systems Launch New Website

Rainclear systems are proud and excited to announce the official launch of our brand new full ecommerce website at www.rainclear.co.uk.

From this new website it is possible to purchase a far wider range of products, all of our Cast Iron, Cast Aluminium and Evolve Extruded Aluminium systems are available for purchase now with rolled steel and rolled zinc products due to be added in the very near future.

This brand new website has been designed with the customer in mind, we have made every effort to make your shopping experience as quick and hassle free as possible while making sure that our prices remain competitive to you the customer, you are able to monitor all purchases and discounts throughout your visit using the dedicated shopping basket and pay by a secure Worldpay transaction.

Once you have made your secure payment you can feel confident in leaving the rest to Rainclear Systems, you will receive a receipt from Worldpay to confirm your order and we will dispatch your goods to your specified address for delivery within 48 hrs of purchase on any stocked item.

If you are not quite ready to place an order yet and require further information please do not hesitate to visit our literature page where you are able to download detailed information on our entire product range.

Please do not hesitate to visit www.rainclear.co.uk and experience for yourself the superb layout and functionality of this fantastic new website.

If we can be of any further assistance please do not hesitate to contact our offices on 0844 414 22 66
