

Press Release
23rd January 2009

Todd Doors expands into 2009

Todd Doors is bucking the current economic trend and is experiencing significant growth which has led to new branding, a new brochure, a new website and new showroom!

New Branding

Todd Doors has unveiled new branding! After 12 months of hard work the time has now come for us to reveal our new corporate branding. With the unprecedented reputation that Todd Doors has earned throughout the industry over the last 50 years, the decision was taken in late 2007 for the company to establish an instantly recognisable and iconic brand. It had to be fresh and punchy but most of all represent the company as the fastest growing timber door supplier in the UK. Research was undertaken, story boards developed and now finally the wait is over. The calm slate grey and vibrant citrus yellow colours were a bold and confident step forward. The new branding can be viewed on the website.

New brochure

The Todd Doors 2009 brochure is now available and contains more products, superior images and very competitive pricing. The brochure is available in either a full colour glossy print or in the increasingly popular, "green" downloadable version from our website. The new brochure not only has 20% more products to excite you, but also features the very best from our numerous ranges of quality ironmongery. Whether you are a retail customer or a national developer, we are sure our brochure will cover all your requirements.

New Website

Todd Doors recently announced the launch of the new website at www.todd-doors.co.uk. Many hours of researching the market and speaking to our customers were spent in order to establish exactly what our visitors required from the website. It is possible to create an interactive shopping list from our vast ranges of internal and external doors as well as our impressive ironmongery offering. Simply click a button and have one of our specialist advisors will call you back at your convenience. You can also check which door sizes you require, using our online calculator tool and download or request a hardcopy brochure all from the click of a mouse. Every effort has been made to make your browsing and shopping experience as hassle free and informative as possible.

New Showroom

Todd Doors Goes South! With our rapidly growing portfolio of clients in Southern England and having outgrown our West London warehousing premises, Todd Doors are proud to announce the imminent opening of our South Coast warehousing, distribution and showroom facilities. Due to be operational in the spring of 2009, the new site boasts 2 floors of products featuring our unrivalled selection of timber doors and ironmongery and an impressive 15,000 square feet of warehousing stocking in excess of £1,000,000 worth of product. If you would like to be kept up to date with the opening of our state of the art South Coast site, then please visit our website for more information.
